

The FCC should not implement
any proposal that would lessen
Indiana's Telephone Privacy law
protections.

-Multiple vendor calls are irritating
To those who pay for phone service and
Are subjected to persistent vendor calls
--How effective Indiana's law has been?

"I used to receive up to 12 calls per
week, now I rarely receive calls").

-As a single person, I feel that this measure
Provides security to those in a single marital
Status, particular female. Thank you for
Ensuring the safety of your citizens.
